

A COMPLETE FUNDRAISING PLATFORM — PRESENTED BY YOUR AUCTIONEER

Raise more at your next event.

Everything your organization needs to plan, promote and run a standout fundraiser — mobile bidding, live giving, effortless checkout and a donor CRM — all in one place, set up and run alongside your auctioneer.

Bidding that never sleeps

Mobile & online silent auctions with anti-sniping, watchlists and instant outbid alerts — guests bid from their phone before, during and after the event.

Bigger paddle-raises & fund-a-need

Live paddle-raise and fund-a-need capture with a real-time giving thermometer and scoreboard that drives the room to give more.

Fast, painless checkout

Card-on-file at check-in means one-tap end-of-night settlement, instant emailed tax receipts, and no checkout line.

Give from anywhere

Text-to-give, online donation pages, recurring gifts and peer-to-peer — so supporters who couldn't attend still give.

Year-round donor relationships

A built-in donor CRM keeps every gift, contact and pledge in one place, turning one-night attendees into lifelong supporters.

Simple, honest pricing

Free to start. The nonprofit pays only a small platform fee on what they raise, with direct payouts — no long contracts or setup fees.

Ready when you are.

Ask your auctioneer to get your branded fundraising platform set up — most events are live in under an hour.
